#ACBi2018

Arch Contemporary Ballet's Summer Intensive Program offers an unparalleled experience in contemporary ballet rooted with the philosophy of Artistic Director, **Sheena Annalise**.

Students are guided through a new way of thinking about ballet, music, body articulation, and personal artistry. The curriculum values artistic risk-taking by harvesting the solid technical underpinning of classical training to cultivate innovative movement.

The program supports the growth of the contemporary ballet dancer ages 15-34 with contemporary ballet technique, contemporary pas de deux, Arch Ballet repertoire, and the opportunity to create a world premiere ballet for a culmination performance of the program.

Dancers will experience Annalise's cross collaboration process with music, and selected students will also be invited to perform on the mainstage with Arch Ballet during their Summer Performance Season.

We aim for dancer's to realize their full potential within movement at #ACBi.
